Sport Coaching

Our sport coaching programs are aimed to provide working and aspiring coaches the opportunity to enhance their development in the area of high-performance coaching.

These programs will help you contextualise and relate knowledge to the current encounters fronting coaches working with elite athletes and organisations involved in high-performance sport. Sports Coaches can also run their own sports training facility and or offer their coaching services.

Academic Year / Start Dates

The year is divided into 4 terms. See table for term intake dates.

Course Information

Our Sport Coaching courses have been developed according to the requirements of the Sport, Fitness and Recreation Training Package (SIS) and have been approved for delivery by the Australian Skills Quality Authority (ASQA). They are nationally recognised qualifications within the Australian Qualification Framework (AQF).

Study Track

Our objective is to provide graduates with the necessary skills and knowledge that will empower them to successfully fulfill the demands of the workplace.

Training is delivered in stages that correspond to AQF levels. The desired pathway for a qualification is for students to complete the requirements of the previous level qualification before progressing to the next level – thereby achieving more than one qualification.

Applicants without the previous level qualification will be considered if they have relevant qualification and /or vocational experience.

Delivery and assessment strategies have been selected to mirror the nature of all elements and performance criteria within each competency cooperatively providing the needs and learning styles of the learners.
