# YOUR PATHWAY OPTIONS.

## GET WHERE YOU WANT TO GO

Not everyone learns in the same way or at the same pace. At TAFE Queensland there are as many options as there are individuals. Whether you want to develop practical skills before heading to university, move directly into the workforce and study at university part time, or boost your OP to get into your dream university course, we have a pathway option to suit your needs.

## ARTICULATION PATHWAYS

Employment ready

# DIDN'T GET THE OP YOU WANTED?

Not getting the right Overall Position (OP score) isn't the end of university study. Completing any TAFE Queensland Certificate III, Certificate IV, Diploma, Advanced Diploma, Associate Degree or Certificate IV in Adult Tertiary Preparation may improve your OP score, improving your chances of securing a place at university.

## WHAT IS AN OP?

An Overall Position (OP) is a number between 1 and 25 calculated by the Queensland Curriculum and Assessment Authority (QCAA) on completion of Year 12 for students who complete at least 20 semester units of QCAA subjects and sit for the Queensland Core Skills Test. Students must also carry three subjects over the two years. The OP decides tertiary entrance either to university or TAFE Diploma programs. The highest possible score is OP 1.

## WHAT IS A QTAC SELECTION RANK?

A selection rank is calculated by QTAC – the Queensland Tertiary Admissions Centre – based on qualifications you already hold. It is a number from 1 to 99 (99 being the highest) which demonstrates your level of current knowledge and ability like an OP score. This selection rank is then used by education providers to determine if you are suitable for entry into a program.

Course	QTAC selection rank*	Maximum QTAC selection rank (using PLA)
Advanced Diploma / Associate Degree	91 (approx. OP 5)	98 (approx. OP 2)
Diploma	82 (approx. OP 9)	91 (approx. OP 5)
Certificate IV	74 (approx. OP 12)	89 (approx. OP 6)
Certificate III	68 (approx. OP 15)	82 (approx. OP 9)

Course	Maximum QTAC selection rank (not using STAT test)	Maximum QTAC selection rank (using STAT test)
Certificate IV in Adult Tertiary Preparation	91 (approx. OP 5)	98 (approx. OP 2)

\* Based on grade point average (GPA) equivalent of 4.

- QUT and Griffith University currently allocate a minimum rank of 87 (approx. OP 7) and 91 (approx. OP 5) for a completed Diploma and Advanced Diploma respectively.

# DIDN'T FINISH YEAR 12?

Didn't finish Year 12, or get the prerequisites you need for entry into that dream university course? Don't worry, you're not alone. We can help you on your journey through to university studies with our Unilearn, 'Do Year 11 and 12 Differently' program, and Adult Tertiary Preparation (ATP) courses.

## UNILEARN

Need preparatory courses, such as Senior Science and Maths A, B or C, to meet university entrance requirements? Unilearn offers a range of online foundation courses to help get you into the university program of your choice. Our courses are accredited by universities across Australia. Whether you live in Australia or you're an international student, Unilearn can help you reach your goals.

## DO YEAR 11 & 12 DIFFERENTLY

Our 'Do Year 11 and 12 Differently' program has been designed to allow students up to 18 years of age to readily attain a selection of QCAA, QCAA-registered and/or vocational qualifications, regardless of what or when you studied previously. With these qualifications in hand, you can transition through to further study in your chosen field with increased ease and greater confidence. This program is offered at our Alexandra Hills campus in Brisbane.

## ADULT TERTIARY PREPARATION

The ATP course is for those who wish to gain or improve their qualifications for tertiary entrance. ATP is a recognised as a Year 12 alternative that's ideal for adults who've been away from formal study for some time. It'll allow you to apply to QTAC for a tertiary ranking on completion and help you get the entrance pre-requisites in English, maths and sciences, giving you access to university or other tertiary education.

# DIPLOMA TO DEGREE PATHWAYS

Through our alliances with some of the country's top universities and higher education providers, you can enter a university degree course after completing one of our Diploma or Associate Degree courses without reapplying through the Queensland Tertiary Admissions Centre (QTAC).

This is called a dual award and means that you get guaranteed entry into university and graduate with two qualifications – a Diploma and a Degree. In most cases you get at least a year's academic credit towards a related degree.

## DUAL AWARD

You can choose from over 60 combined courses (dual awards), which you apply for through a single QTAC application. You complete the Diploma at TAFE Queensland then go directly to university to take up a place that has already been reserved and guaranteed for you. You don't have to reapply through QTAC. In most cases you get up to a year's academic credit towards your degree.

A dual award will give you the practical, real-world skills you need to move into the workforce straight away. Many of our dual award graduates choose to begin their careers after completing their TAFE Queensland qualification, and pursue their university studies part-time.

## CREDIT TRANSFER

You can choose to just study a single qualification at TAFE Queensland. Later, if you decide to go to university, you can apply for academic credit towards a degree in a similar field. (e.g. complete a Diploma of Information Technology and go on to a Bachelor of Information Technology).

Once you have completed your Diploma, in most cases, universities will accept your application directly, however in some cases you may need to apply for university entry through QTAC. Once enrolled, you will be given your credit which has already been pre-negotiated by TAFE Queensland. Often this credit is as much as one year of the degree. Specific entry requirements may apply in some circumstances. Please contact the relevant university for more information.

## PERFORMANCE LEVEL ASSESSMENT (PLA)

Many of our Diplomas and Advanced Diplomas have subjects (also called competencies) that have Performance Level Assessment (PLA) as a supplementary reporting system.

PLA is a form of graded assessment and an additional way of rating certain aspects of student achievement. If you demonstrate an advanced level of performance, you will be awarded a Credit, and a Distinction is awarded for exceptional level of performance. PLA has a number of advantages:

- QTAC converts PLA results into a Grade Point Average (GPA), which can then improve your Selection Rank (OP equivalent).
- You have an opportunity to enhance your OP equivalent rank to an even higher level through PLA when studying a Diploma or Advanced Diploma. You may be able to get a rank that is as good as OP 5 equivalent, opening you up to a wider range of university courses.
- Evidence of additional effort and performance can enhance your employment prospects.

Please note that credit arrangements and course delivery is subject to change.

All arrangements are correct at time of publication.

Please contact TAFE Queensland to discuss your options.

# HOW TO APPLY

When you have made a decision about the course you want to study, it's time to enrol in your course. TAFE Queensland offers two options to enrol – direct entry or an application through QTAC (Queensland Tertiary Admissions Centre).

## DIRECT ENTRY

Direct entry simply means contacting TAFE Queensland direct to work through the steps needed to enrol. Direct entry is available for all TAFE Queensland certificate and diploma courses.

To find out how to enrol, go to [www.tafeqld.edu.au](http://www.tafeqld.edu.au) and search for the course you want to study. The online course brochure will then step through how you can enrol for the course.

When your enrolment is accepted you will receive confirmation and an enrolment pack. This contains everything you need to know about what happens next such as timetables and orientation information.

Direct entry is a good option for students who want to enrol in a course outside of the QTAC timeframes.

## APPLYING THROUGH QTAC

To apply to study a TAFE Queensland course through QTAC you will need to submit an application through the QTAC website [www.qtac.edu.au](http://www.qtac.edu.au)

This process allows you to choose a range of courses and rank them as preferences.

Your application will be assessed, and if you are successful you will receive an offer directly from QTAC. You will then need to contact QTAC to accept your offer before enrolling.

Once you have accepted your offer, you will need to complete TAFE Queensland's enrolment process. When your enrolment is accepted you will receive confirmation and an enrolment pack. This contains everything you need to know about what happens next such as timetables and orientation information.

For more information about applying for a course through QTAC visit [www.qtac.edu.au](http://www.qtac.edu.au) or call 1300 467 82.

# STUDY A DEGREE WITH US.

Along with our own suite of higher education programs, we partner with some of Australia's most established and respected universities to deliver world-class degrees in a practical, job-focused training environment. This means our students get the best of both worlds: the theoretical side of a university degree with the applied learning style that makes TAFE Queensland graduates so highly sought after by employers.

## UNIVERSITY PARTNERSHIPS

We have more than a decade of experience as an integrated provider of undergraduate and postgraduate degrees, leveraging selected and strategic partnerships with major universities.

## APPLIED LEARNING

Our courses focus on developing practical skills that are underpinned by theory. We make sure that everything you learn is relevant and usable. Our approach to learning and teaching is about making academic subjects applicable to the real world.

## SMALL CLASSES

Small, workshop-style classes give you the opportunity to better know your teachers and classmates. It also means that learning is tailored to your individual needs and goals. At TAFE Queensland, your voice will always be heard; you will never just be a face in the crowd.

## JOB FOCUSED

We specialise in learning and development, are a trusted partner to more than 500 Australian businesses, and have strong links to peak industry and community bodies. This means we offer courses that align with industry needs, and that we keep up with emerging trends, required skills, and advances in technology. Our courses always remain ahead of the curve.

## PRACTICAL LEARNING SPACES

Our facilities are acknowledged by industry as being among the best in Australia. Our world-class equipment and collaborative working spaces mean that you will stay at the forefront of technology, and be ready to hit the ground running when you graduate.

# DEGREES AT TAFE QUEENSLAND.

Our partnerships with top universities mean you will graduate with a prestigious university degree, as well as the hands on skills of a TAFE qualification, delivered in a practical, job-focused training environment. Our diploma-to-degree pathways mean that you can complete a Diploma and Bachelor degree in the time it usually takes to complete a degree alone. You'll graduate ahead of the pack with academic knowledge backed up by real-world skills.

ACROSS THE STATE

Across our campuses we provide a range of facilities to support your study which depending on the location you choose, could include workshops housing industry standard equipment; commercial kitchens, health clinics, theatres and studios; operating restaurants, childcare centres, beauty salons and gyms; and digital learning centres.

On top of this, we provide a range of specialist services to support you with your study, employment and personal needs. Services include career guidance; support for students with a disability; assistance for students from a non-English speaking background or who need help with language, literacy or numeracy; Indigenous Student Support Officers and access to financial assistance for eligible students.
