# Teacher Comment

*Ivy Santos, Australian born teacher, says of working at Eurocentres Sydney:*

‘I’ve been an English Language Teacher for approximately 6 years, having taught at several schools in the Sydney area as well as an English tutor during this time.

I’ve been with Eurocentres Sydney since November 2008. The wide range of nationalities that I’ve had the opportunity to teach here has been wonderful. Out of all the other schools I’ve taught at, I’ve found the level of teaching and dedication of the teaching staff to be of the highest quality.

I thoroughly value the camaraderie and support that the teachers give, not only to one another, but also to the students. I’ve really enjoyed my time teaching here in Eurocentres.’

# Student Testimonial

*Christian (Swiss), 34 years old, studied from 04.01.2010 to 05.03.2010 on a Super-Intensive course - FCE preparation (passed the exam):*

‘I have studied 9 weeks at Eurocentres in Sydney. During this time I felt my level was well assessed and my needs catered for by my teachers. They helped me to reach my ambitious goals. The facilities in the school are more than sufficient. My homestay was not too far from the school, clean, well-equipped, with delicious food.’
