COURSE OVERVIEW & STRUCTURE

The Advanced Diploma of Interior Design equips you with the skills and knowledge to develop creative & technical solutions for built interior environments. Interior design at this level covers the planning and detailing of complex residential, commercial and design projects with an emphasis on space creation, space planning and the factors that affect people's responses to living and working environments.

This qualification is used to develop a breadth, depth and complexity of skills and knowledge for interior design processes which follow a systematic and coordinated methodology, including research, analysis and integration of knowledge into the creative process, and knowledge of the principles of interior design and building technologies. Designs must meet the purpose, efficiency, comfort, safety and aesthetic requirements of interior spaces, adhere to regulatory requirements and encourage the principles of environmental sustainability.

WORK PLACEMENT

Work placement is a mandatory component of some APC courses and qualifications including the Advanced Diploma of Interior Design. The work placement provides a framework that enables students to gain relevant working experience while developing specialised knowledge and practical skills in organisational learning and capability development.

The Work Placement takes place in the final term of study. It requires between 120-135hrs of work placement, attendance at studio class and the completion of assessment work. Specific subject requirements are outlined in the individual course documents.

It is the students responsibility to find and secure a Host Organisation for their Work Placement prior to the start of their final term. APC will support students with resources to secure a Host Organisation prior to the Work Placement.

MODES OF DELIVERY
