Diploma of Project Management

COURSE DESCRIPTION

Our Diploma of Project Management has been designed to give you the skills and confidence to execute the delivery of projects aligned to current industry practice. The course will allow you to scope and deliver small and large projects across a diverse range of industries. This could include launching a new business or brand, planning and delivering an event or implementing new systems across a business. You will also be exposed and have a chance to use the latest technology supporting the planning and management of projects.

WHAT WILL I LEARN?
