# Why Sydney Australia?

Sydney has all the wonderful attributes of a big city such as restaurants, theatres, concert halls, sports stadiums, a multi-cultural population and a thriving economy.

Its most unique points are the beautiful weather and the fact that the city sits on the edge of the magnificent Sydney Harbour. Sydney is a cosmopolitan city with fantastic weather, excellent academic facilities, a multicultural society ready to welcome you. With an efficient public transport system that includes buses, trains and ferries, you will be able to navigate the city with ease.

## SGSCC International is located in Southern Sydney

The Jannali Campus is located in the natural oasis of The Sutherland Shire, just 25km from Sydney's CBD. The region offers a stretch of pristine surf beaches, four spectacular national parks and channels of sparkling waterways.

The area is also rich with history, it is the birthplace of modern Australia, founded in 1770 by Captain James Cook, it's also home to Australia's first National Park.

Cronulla is blessed with Sydney's longest stretch of sand and is the only beach in Sydney accessible by train. The Shire hosts an urban hub of buzzing cafes and restaurants, leading fashion retailers, art galleries and events.

It's often joked that Shire locals never leave the area and there's a reason for that! The Shire offers an ideal mix of coastal relaxation and cosmopolitan luxury. You feel instantly rejuvenated when you arrive. You can't help but stop, breathe in the sights and enjoy the natural beauty of the area.

Studying at SGSCC is an excellent experience and one I would recommend. This is one of the best schools for a great education path as well as feeling at home with all the facilities provided. "I decided to study Certificate III in Aged Care at SGSCC because my agency introduced the College to me. Initially, I had no idea about a college that was located outside the city because I have done many courses in the city.

My first day at the College, I found out it was easy for me to catch the train from the city and it took only 35 minutes. I have been studying at SGSCC International almost three months. I am impressed. I have had many positive experiences.

The trainers are experts and experienced; not only do they teach me about Aged Care, they also integrate ethics, socialising and knowledge together and encourage students to learn more as a student centre.

All of my classmates are nice and friendly, they are from different countries around the world. As a result, I enjoy studying with them because it provides opportunities to learn about their languages, cultures and make social networks.

The Community College is located in a green, natural environment which is so refreshing for students who are used to small square rooms in the city."
