ABOUT FIT COLLEGE

FIT College registered as an RTO for fitness in 2009 and commenced delivery of fitness course qualifications the same year, aiming to deliver only the best Fitness Courses and Personal Training Courses.

FIT College developed a range of fitness business management courses qualifications in 2012 and launched these fitness business courses in 2013. In 2020, FIT College added to the qualifications on scope by introducing our Weight Management courses. The Weight Management qualifications allow graduates to work as a Weight Management Practitioner, provide meal plans and nutrition plans to help clients achieve ideal body composition and healthy nutritional habits.

Since its inception FIT College has achieved the lowest rating for risk and subsequently achieved the longest available period of five-year registration periods at each renewal audit.

FIT College delivers face to face fitness courses from multiple campuses in Australia and Pacific region, as well as online fitness study courses for students from all over the world. FIT College also offers many courses through our Cloud Campus allowing students from all over the world to enrol and complete further study.

I had an amazing experience at FIT...

I had an amazing experience at FIT college. The learning environment was very supportive and great assistance from trainer Mark and Stanley, and I felt like I could truly grow both personally and academically. Met new people and create a social network. Classes were flexible and more enjoyable. Main highlight was our team bonding at Colo-i-suva pool. I'm grateful for the opportunity to learn and grow at FIT college.

Best decision ever, don't doubt yourself just do it

Really happy about signing up with FIT College. I've done the cert 3 online and they were really helpful with all the assignments and replied really quick to my questions through email. The cert 4 I've done part time during the evenings because of my full time day job. The lessons were easy to follow and the practical assignments were lots of fun. Even after a busy day at work the lessons never felt too taxing. Overall an awesome experience and I'm one step closer to following my passion and becoming a PT
